

POSTUREMATIC®

Adjustable Base®

Posturematic® Mattress

Sealy Posturematic® mattresses are an inner spring mattress specially designed for use on Sealy Posturematic® Adjustable bases - in combination they allow you to enjoy the benefits of a bed that can be adjusted for reading, entertainment, improved circulation and recovery. The Sealy Posturematic® mattress is specifically designed for those consumers that want the benefits of an adjustable bed but prefer the feel of an innerspring rather than the usual foam options.

Posturematic® Adjustable Base

Sealy Posturematic® Adjustable bases are a functional bedding solution for modern bedrooms. Paired with a Sealy Posturematic® mattress, Posturematic® bases allow you to enjoy the benefits of a bed that can be adjusted for reading, entertainment, improved circulation and recovery. Use the cordless remote control to adjust bed head and foot heights to meet a variety of lifestyle needs - or take advantage of the convenient in-built settings. The 'Classic' model also features a stylish fabric, impressive build and wall hugging design which allows your bed to be positioned directly against the wall.

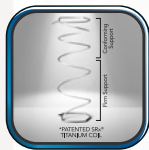

POSTUREMATIC®

Adjustable Base®

Designed to provide you with a complete sleep solution

SRx® Coil

Sealy's unique SRx® support system is designed to sense your body's weight and motion and to respond with the deep-down support your body needs. The coils are arranged in alternating columns for maximum stability.

Australian Made

Sealy of Australia wholly Australian owned company with manufacturing facilities in five Australian states.

Guarantee

The Sealy Posturematic® offers long-lasting performance and comfort life. (mattress only)
