Support you trust. Comfort you'll love.

Adjustable Collection

SUPPORT THAT'S RIGHT FOR YOU

With so many benefits gained from a quality night's sleep, there should be no compromise.

Research and medical evidence reveal just how critical sleep is for our health and wellbeing. So, finding the right mattress is an important decision.

With over 65 years of history, you can trust Sealy Posturepedic® to deliver unparalleled performance and a great night's sleep.

SUPPORT YOUR LIFESTYLE

You can upgrade your sleep system with Sealy Posturepedic® Adjustable. Enjoy complete relaxation and rejuvenation with a Sealy Posturematic™ Base, allowing you to enjoy the benefits of a bed that can be adjusted for your therapeutic and lifestyle needs.

AlignSupport™ Coil

- Comfort
- Responsiveness
- Alignment

The Sealy Posturepedic® Adjustable Collection feature the latest innovations:

Spacer Breathable Gusset

Innovative breathable fabric to improve ventilation and airflow throughout the night.

AlignSupport™ Coil

The AlignSupport™ Coil provides comfort to help get to sleep, responsiveness to help stay asleep and alignment to help wake up feeling great.

SmartTex® Fabric

Assists in regulating temperature to create a comfortable sleep environment.

ComfortCore®

Targeted comfort designed to conform to the lower back and relieve pressure where it's needed most.

FlexiCased™ Edge Support

Sealy Posturepedic® Adjustable features FlexiCased™ edge support suitable for adjustable bases.

Stabilises the perimeter of the mattress for edge-to-edge support.

SEALY SUPPORTS YOU

To achieve a truly restful night's sleep your body needs to relax and recover. A sleep surface that provides a combination of pressure relieving comfort and deep down support will help the body rest better.

Sealy Posturepedic® has a heritage of orthopaedic design and are industry leaders in sleep innovation. The Sealy Research & Development facility engineer mattresses with pressure relieving materials that promote circulation to help minimise tossing and turning. Patented spring technology is designed to support the body to assist in relieving morning backache.

SUMMARY

The Sealy Posturematic™ Adjustable Bed Base features:

Adjustable Functionality

The Posturematic™ Energise Base delivers functionality that meets both your health and lifestyle needs, through an optional massage function, pre-set bed positions triggered with a single touch of a button and customised head and foot adjustment options.

Bed Base Technology

As a bed for today's world, Posturematic™ also offers other convenient lifestyle features including a cordless remote for hassle free, easy bed adjustment. The Energise Base also features 2 USB charging ports located on the bed base edge and a clever under bed LED light operated from the remote.

KING 183 X 190
QUEEN 152 X 190
SINGLE 91 X 190

Sealy Posturepedic® Adjustable Mattress and Posturematic™ Energise Base are available in Single, Queen and King-Sizes only. Length available in 190cm and 203cm.
