

SMARTEX®
By drawing moisture away from the surface, this unique fabric treatment works to cool and regulate your sleep climate.

ICE-TOUCH® TECHNOLOGY
The Ice-Touch® technology does not simply cool you down, it is cool-to-touch and provides an instant cooling effect on the skin. You will fall asleep more quickly, enjoying a qualitative night's rest.

Engineered for Active Lives. Designed for Deep Recovery.

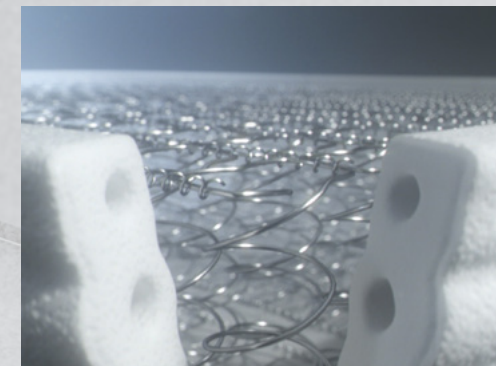

Meet Posturepedic® Active — where high performance meets high-quality rest. Whether you're hitting the gym, the track, or just juggling a busy lifestyle, Posturepedic® Active is engineered for those who push their limits by day and need to recover hard by night. This is more than just a mattress, it's your recovery zone.

ALIGNSUPPORT™ COIL

Intuitive two-stage coil system senses your weight and responds with the support needed to help maintain your body's natural alignment.

- 6% improvement in deep down support
- 75% reduction in lateral movement
- 18% reduction in motion transfer

UNICASED® XT TECHNOLOGY

Sealy's most innovated edge support system – UniCased® XT – provides greater stability and a seamless transition from one edge of the bed to the other, maximising your sleep surface.

Intense

Featuring trilobal carbon thread, Intense helps release built-up stress by discharging electrons into the air. That means reduced tension, deeper relaxation, and better mental recovery as you sleep.

Graphene

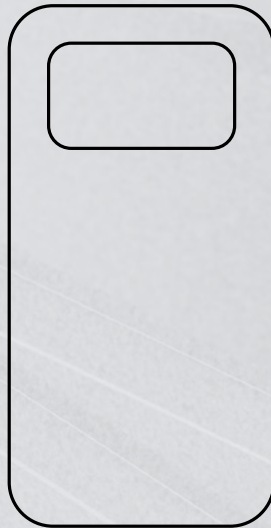

Graphene threads reflect far infrared rays back to your body, helping to stimulate microcirculation and keep your hands and feet warm. Additionally, the anion-releasing feature helps refresh your body for a more revitalizing rest.

SIZING INFORMATION

All sizes are nominal. Dimensions are width by length in centimeters.

Single

91 cm (W) x 190cm (L)

Super Single

107cm (W) x 190cm (L)

Queen

152cm (W) x 190cm (L)

King

183cm (W) x 190cm (L)
